

Additional Resources

For additional data and information on the economic and policy effects of COVID-19, we have compiled a list of supplemental sources; this Resource List will be updated regularly.

General Policy

[*COVID-19 Resource Tracker: A Guide to State and Local Responses*](#). The Urban Institute had compiled a spreadsheet – updated monthly – listing over 100 resources that track state and local data and policy responses related to COVID-19, healthcare, food insecurity, housing, income, and more.

[*COVID-19: Policies to Protect People and Communities*](#). The Urban Institute has compiled and covered the latest information about COVID-19 and policies being put in place to address pandemic impacts; these include information around Child Care & Education, Equity & Inclusion, Health & Health Policy, and more.

[*COVID-19: Local Action Tracker*](#). In partnership with Bloomberg Philanthropies, the National League of Cities, using active research and direct submissions from local leaders, has collected the COVID-19-related actions taken by municipal leaders across cities and states in the United States.

[*Coronavirus: What You Need to Know*](#). The National Governor’s Association has compiled current information the virus, what actions states have taken to address it over time, and the latest efforts undertaken by the federal government.

[*County Explorer: County Declarations and Policies in Response to COVID-19 Pandemic*](#). The National Association of Counties (NACo) has compiled both maps and downloadable data on county-level declarations and policies that have been made across the US in response to COVID-19.

Education Policy

[*State Policies to Address COVID-19 School Closures*](#). Michigan State University’s Institute for Public Policy and Social Research (IPPSR) and Policy Innovation Collaborative (EPIC) have been tracking state crisis responses pertaining to school closures and education policy.

Housing Policy

[COVID-19 Housing Policy Scorecard](#). The Eviction Lab and Columbia Law School's Emily Benfer have developed a policy scorecard for all 50 states. The scorecard condenses thousands of emergency orders and legislation into a set of measures that track state-level COVID-19 responses related to eviction and housing.

Public Health

[COVID-19 Projections](#). The Institute for Health Metrics and Evaluation (IMHE) has created a tool that predicts the trajectory of COVID-19 deaths, cases, and hospital in the United States, by state, and around the world.

[COVID-19 Case Tracker](#). Johns Hopkins University has created a Coronavirus Resource Center with the goal to inform the public and policymakers about the virus. This includes interactive up-to-date global and national COVID-19 case maps, and critical trends.
